

PTFE Extruded Tubing

Code:PTFE Extruded Tubing

Description

With professional PTFE Extruded Tubing factory, Ningbo Kaxite Sealing Materials Co.,Ltd is one of the leading China PTFE Extruded Tubing manufacturers and suppliers

Item no.: PTFE Extruded Tubing

PTFE Extruded Tubing

Product number:PTFE Extruded Tubing

PTFE extruded tubing is manufactured by high pressure PTFE dispense resin mixed with additive, it is extruded and sintered. According to different demands, the tubing could be opaque or translucent.

PTFE is well known for its chemical resistance, not aging, non stick, self-lubrication, insulation and wide working temperature range from -180 to +260 . Because of these excellent properties, PTFE has a wide application in fields of chemical, mechanical, electronics, medical and aviation, etc.

[Main properties]

Properties	Unit	Result
Apparent density	g/cm ³	2.10-2.20
Tensile strength (min)	MPa	20
Ultimate elongation (min)	%	200
Residual Lubricant Content (max)	%	0.5
Dialectric Strength (min)	KV/mm	10

[Applications]

Used as wire and cable jacket, inner lined pipes for corrosive fluids and used in hydrochloric acid heat exchanger,

etc.
